Great One Liners!

My school colors were "clear."
What happened to the first 6 "ups"?
Did Washington just flash a quarter for his ID?
If a cow laughed, would milk come out her nose?
Whenever I think of the past, it brings back so many memories...
If olive oil comes from olives, where does baby oil come from?
I stayed in a really old hotel last night. They sent me a wake-up letter.
I just got skylights put in my place. The people who live above me are furious.
There's a fine line between fishing and just standing on the shore like an idiot.
If an orange is orange, why isn't a lime called a green or a lemon called a yellow?
I played a blank tape on full volume. The mime who lives next door complained.
Why do you need a driver's license to buy liquor when you can't drink and drive?
I'm taking Lamaze classes. I'm not having a baby, I'm just having trouble breathing.

How You Can Save Money on Electric Bills!

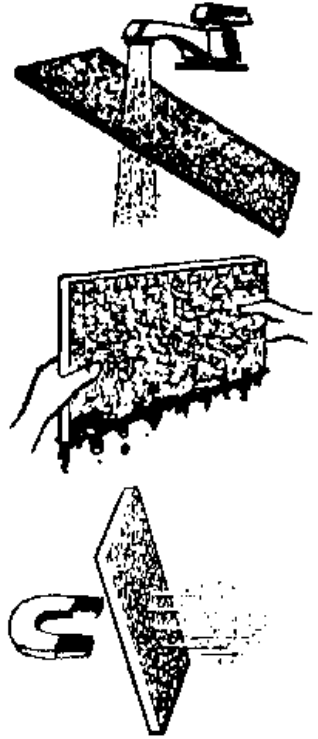

Even though we will be cleaning all air-handler filters in the complex this month, we believe you should be aware of how important it is to keep your filter clean. Why should you clean your filter? Because a dirty filter will cause malfunctions in your cooling system, pollute the air in your home, and.....**INCREASE YOUR COST OF ELECTRICITY!** Therefore, if you will clean your filter every 3 to 4 months, you'll feel better, and save \$\$\$!

Cleaning the filter is easy. You can wash it in the sink or tub. Replace it in the same direction it is facing and you can put it back damp. Do not use soap or detergent and if it is torn or damaged, call the office and we will replace it free!

WASHABLE! Just run water through filter and it's clean in a jiffy! Also vacuum cleanable. It's a permanent filter that will take years of frequent cleaning and remain just as efficient as when new.

FILTERS ELECTROSTATICALLY! The filter is made of natural fibers individually coated with exclusive compound of neoprene and plastic, providing high electrostatic filtering efficiency for catching and holding dust. Works like a magnet!

NEEDS NO OIL! That's why it cleans so easily! No grimy, messy oil to remove or replace, no sticky hands to clean, no sludgy mess to get rid of. Nothing to add - just wash with water!

Just a Few Reminders...

- When paying rent, please make your payment by Money Order, Cashier's Check, or Personal Check **ONLY**. We do not accept CASH!
- For those of you who own pets, please remember to clean up after your pet. (A "pooper scooper" is a great tool for this!) And don't forget to keep your pet accompanied and on leash at all times.
- Please notify your guests that parking in the carports is prohibited as they are **RESERVED** for the exclusive use of residents who lease them. All violators will be tagged and towed.
- If you are a smoker, please do not dispose of your ashes and butts in the parking lot, grounds, or pool area. Use a trash can and help keep your community clean.
- Please keep in mind when doing laundry that the Washers run for about 30 minutes and the Dryers run for about 45 minutes. Don't leave clothes in machines for extended periods of time! If you encounter a machine that has not been emptied after it has shut off, you may empty that machine by placing such laundry on top of the dryers. Thank you.
- For those of you who's leases are ending this month, please return your renewal to the office as soon as possible. Call us at 522-4855 if you have any questions.

Remember, this is your newsletter. Items for publication are taken all month long at the Southlake Village office. Call 522-4855 or drop your ad by the office. We accept announcements, classified ads, and newsworthy items. Please submit your item(s) prior to the sixth of each month. (Made on an Apple Macintosh.)
