

THE PIRATE NEWSLETTER

APRIL 2017

VOLUME 17 SPRING EDITION

Where to go in case of a tornado?

In the event of a tornado you will hear sirens warning you to seek shelter immediately. For those of you on the ground floor, stay in your apartment and move to the main bathroom or walk-in closet, away from windows. For those of you on the upper floors, seek shelter in the central laundry room of your building, located on the ground floor and accessible between the second and third entryways. Stay away from windows. Do not leave until the sirens have been deactivated.

Termite Control Notice!

As you may know, all Southlake Buildings have been treated for termite control. At this time of year, termites "swarm" and it is that swarm that lets us know if we need additional treatment. Therefore, if you notice such "swarms" or if you see tiny pin holes in a wall, please contact the office immediately at 522-4855 so that we may inspect for damage, and make repairs and treat if necessary.

JUST A FEW REMINDERS...

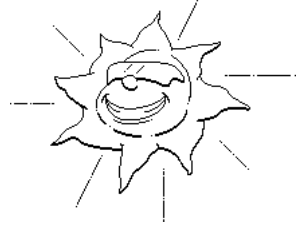

- **Fishing:** Please remember that fishing is only allowed by attended pole. No trot lines or net fishing please. Catch and release is appreciated.
- **Renters Insurance** is highly recommended as our insurance does not cover you from a possible loss. Policies for as little as \$10 per month can be found. Ask your agent or pick up info we have at the office.
- **Pets:** Owners, please be sure to pick up after your pets. And do not allow them to run loose - leash laws apply. Report any large or illegal pets to the office.

Coming up in May...

We will be commencing routine insect exterminating in May. We are trying a new schedule of treatment in which 3-4 buildings will be treated each month. We expect the entire community to be fully treated by the end of July. If you have a pet, please change its water after treatment. There will be an acknowledgment slip left by our personnel indicating your apartment has been treated. Thank you!

Security Concerns

We believe the lake here at Southlake Village is one of the finest bodies of water in the area, and we want you to enjoy it, and enjoy it exclusively. But there are always a few who don't live here, are not accompanied guests here, and have no right to be here attempting to use the lake and other facilities that are yours to enjoy. Therefore, we spend a great deal of effort evicting such persons from these premises. However, you can help us do a better job for you if you will report any persons you see who you suspect of being a trespasser. We'll check them out. And if they don't have a right to be here.....we'll throw them out or press trespass charges against them.

Don't apprehend anyone yourself! Simply call our 24-hour number, 522-4855, and we'll take it from there. Together, we will make this a summer of quiet enjoyment for your personal and exclusive lakeside living.

And while we're on the subject, please report any suspected illegal dumping as well. We have seen an increase in the amount of trash being brought in by individuals who do not live here. Take down their license plate number and phone it in to security please. Thanks!

Parking

- We currently have a limited number of carports available in various areas of the complex. Contact the office, 522-4855, if interested in leasing one.
- **LIMIT OF 3 VEHICLES.** Please park infrequently used vehicles in the commons areas away from the buildings.
- Be smart and always lock your vehicle and remove your valuables. And never leave your car running unattended!
